

# AUTOMATIC SUPPLIER INTEGRATION

## Advantages and aspects to consider

### EXCHANGING WITH SUPPLIERS

**A DIFFERENT CHANNEL AND FORMAT WITH EVERY SUPPLIER**

### BOTH ADMINISTRATIVE AND LOGISTICAL DOCUMENTS

#### MANUAL PROCESS

Delays/errors due to manual data entry

Slowdowns when receiving goods

Too many resources for low-value activities

VS

#### AUTOMATIC PROCESS

Sharing data is safe, accurate and on time

Standardized document format

Measurable process

### ADVANTAGES

Reduction of the average business cycle

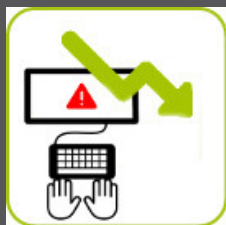

Reduction of management costs for anomalies

Increase of quality perceived by the customer

Automation of low-value activities

Errors reduction in the order-to-payment cycle

Reduction of process execution times

### 4 FUNDAMENTAL ASPECTS of a SUPPLIER INTEGRATION SOLUTION

### DERWID'S SUPPLIER INTEGRATION SOLUTION

1

CLASSICAL EDI

Big data amount

2

webEDI / SUPPLIERS PORTAL

Small data amount + Non classical documents

3

MAPPING TOOL (.pdf reading)
